

**Applicant:** Donald L. Schilling  
**Application No.:** 09/843,520

**REMARKS**

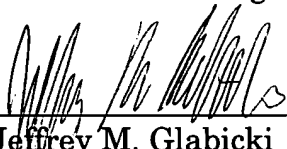

In the office action, claims 1-20 were rejected under obviousness-type double patenting in view of claims 1-8 of U. S. Patent No. 5,093,840. Applicant hereby submits a Terminal Disclaimer to overcome this rejection.

With respect to the non-compliance of the IDS, since all of the references were cited in one of the priority applications, applicants submit that a copy of the references is not required per 37 C.F.R. §1.98(d). However, as a courtesy, copies of the references that are still available are enclosed. A new PTO-1449 Form with these references is enclosed.

Reconsideration and allowance of the claims is respectfully requested.

Respectfully submitted,

Donald L. Schilling
